5. The Company has made rapid progress in the various business verticals during the financial year 2010-11 and expected to make further progress in the coming years. The Company is expecting substantial business opportunities in these separate divisions.

In view of the potential growth in these divisions, to have a better focus in the operations and administration, the Board of Directors has proposed to subsidiarise these divisions along with assets and liabilities as separate wholly owned subsidiary companies subject to approval from the statutory authorities.

6. The company has applied effective tax rate being the MAT rate for calculating deferred tax expense during the previous financial year ended March 31, 2010 based on the expert opinion obtained. In view of non-extension of income tax benefit under section 10 B of the Income Tax Act, 1961, the Company will be paying income tax under normal tax rates instead of MAT rates from the next financial year. Hence the Company has decided to recognize the deferred tax expense as per the current applicable income tax rate as required in paragraph 21 of the Accounting Standard 22 – “Accounting for Taxes on Income” instead of MAT rate. The company has also recognized MAT credit on payment basis.
7. The number of investor complaints pending at the beginning of the quarter - Nil, received during the quarter - 6 and disposed off during the quarter – 6 and lying unresolved at the end of the quarter - Nil.
8. Figures have been regrouped to facilitate comparison where ever necessary.
